“ *You're gone but not forgotten you're my friend and I miss you and I always will, we were always there for each other and I know you'll still be here for me, I'll still talk to you every day and I'll tell you how much I miss you I know you're here with me I know you're looking down on your loved ones and that does comfort my heart but physically I miss you. It's not Goodbye, its see you later my friend.*
