“ Joe was one of kindest sincere men I have known. I have known him and his family since I could remember. Eric and I grew up playing soccer together and Joe always treated me and my family just like family. He was they kind of man that would do anything for us boys. Looking back now I can see the sacrifices he made for Eric and the rest of us and the time he put in. I will always be grateful for his heart and kindness. I know he is in a better place reaping the rewards of his service. I pray for peace for the Farrington family.
