“ *Carissa made a tremendous difference in my life and I was extremely blessed to have had the time I got with her. When I needed someone she was there for me and I am forever thankful. There will not be a day that I won't think of her and miss her. I know she's singing with the Angels*

“ *Carissa (SIS) was a wonderful person we worked, camped, drank (back in the day) laughed and even got mad at each other. But we were there when ever one or the other reached out. You will be missed Sis and I love you*
