“ Rest in Peace my dear friend, you will be missed tremendously. I'm great full for all the fond memories we shared, the trouble we managed to get in and out of. You are one of Gods Angels that cannot be replaced. I'm honored your family allowed me to sit with you before going to meet with the Lord. You will always be remembered in my heart. My friend for eternity you have been, love you always.

“ Debbie was such a sweet spirited woman who was loving and caring. She did everything she could as an FRG Army Leader to make sure all of us who were left behind while our loved ones were deployed were informed and taken care of. She was one of the very best and as the mother of SGT Ontiveros, I am forever grateful Debbie for your love, your dedication and your heart for taking care of us all during those deployment phases. You will truly be missed. Army Family Forever! 820th Army Reserve Permian Basin.... Rest In Paradise!

“ Can't find the words. It wasn't supposed to be like this. We had plans to race down the hallways at the old folks home in our wheelchairs.

“ *Debbie was a Wonder Woman and I was lucky to spend time in her home as I grew up and spend time with Gregg. Debbie always had a smile and these smiles are woven into my memories growing up. Wonderful women who I am thankful to have known.*

“ We shared the same wedding anniversary day. Uncle Bill came to my wedding with his new bride, Debi. Not many people get the gift of a beautiful new Aunt on their wedding day, but I did. To this day, one of the loveliest surprises of my life.
