“ *Just wanted to say I'm sorry to hear about Lamar, been thinking about him since I heard and how from the first second we met him, he made us feel comfortable and at home. Going over to his old house and Martha Ann cooking for us while we played nintendo with Kaitlin and Johnny, him telling us to watch out for the raccoons(we were barely bigger than raccoons I guess). Getting to see his radio controlled planes and hear stories from him. Lamar always had a smile and a sense of humor when we were around. I'm grateful to be a part of the Beauchamp family and to have known him, never looked at his face and didn't see a smile in return.*

RIP Lamar thanks for your example you set!

You're not gone just down the road a bit

“ *What can you say about George, he was one of a kind. My wife and I used to go to his house and watch him feed a family of racoons. They were tamer than some dogs. Rest in peace my friend.*

“ I've known George for 50 years. He was like a brother to me. He helped me grow into the person that I am today. He was so gentle and kind to everyone he met. This is a huge loss to me and all of the "Ace-in-the-Hole Retiree Association"

“ I've cherished George's friendship for many years. He always had a warm greeting and a smile. George and I worked the flight line, shared many stories and advice to each other and anyone else, we never had a cross word spoken between us, a sincere and true friend .

“ I work with George at Ellington Field, he was a crew chief and I work avionics. He enjoy talking to anybody who was working his jet. I never heard him say a unkind word. George had two speeds, if you did not like the first one you darn sure would not like the second one. I enjoyed working with George. Friend, some day I will see you on that flightline in the sky.
