“ No one could have asked for better dad. So many memories. We as a family went fishing, road motorcycles, took boat rides, went to state parks, and hunted together. One of my earliest memories of the lake was when he was getting the boat ready, and I was about 4 years old. I was too close to the water walking on the rocks and fell in over my head. The water was a typical West Texas lake where you couldn't see three inches down into murky greenish blue water. He didn't hesitate to jump right in, shoes and everything, and pulled me up out of water. In the next few weeks, I thought I was being sneaky and watched Jaws and Piranha on television. Looking back, I'm sure he wanted me to have a healthy fear of the water. It wasn't too much longer until swim lessons started.

“ One of my favorite memories of my dad is going to Southside Baptist Church and being part of the Royal Ambassadors. He was helping teach. I am so thankful for my dad, and will miss him alot. "As a Royal Ambassador I will do my best: to become a well-informed, responsible follower of Christ; to have a Christ like concern for all people; to learn how the message of Christ is carried around the world; to work with others in sharing Christ; and to keep myself clean and healthy in mind and body."
