“ John was a character. I will always love and remember John. He was a person who touched everyone's lives he knew. What a sense of humor he had. We sometimes do not remember certain times or days but we do have memories. We do remember moments. I will always have memories of John, precious possession of my memories of John. To live in the hearts of others is to not die. John lives in my heart, Rest in Peace John , I will see you again some day in heaven.

John was a tough, yet fun-loving man, who enjoyed a good conversation about absolutely nothing at all, or possibly everything. We love the man that you were. And many of us hope to be as strong as you in our upcoming Journeys. We celebrate your life, and rejoice in your memories. And with that you will never leave us. Thank you for the time I got to share in your life and all of the great conversations and fun times. I love you buddy. Until we meet again fly high above us.

John was my first cousin. In our younger days, John, my sister and I spent a lot of time together. It was always a fun time when John was around. In our family he was known as "Johnny Junior."

Johnny was my cousin. We lived quite a distance from each other, and I never got to know him, only seeing him once at my cousin Shirley's home when around 13. Once married, we moved so often and "lost touch" even though we were never "in touch". I regret never having been able to make it across state to visit once in Texas. Now I will have to wait to meet everyone. I think I got to know Susie more, and it was all online. My loss.
