“ Hey, Carol, I just wanted to let you know that I am having some stomach issues and could not make it today. You know that I love you and John. He was definitely a kind soul from the time I first knew him until his passing. I know that you and John have been an inspiration to many people throughout your lives. I do remember a bunch of us stealing watermelons one summer. We ate some of them but “shared” some of them with Mr. Vaughn and a few other people. They probably did not appreciate them as much as we did. You will always be considered as a part of the class of 1959. Love you. I

“ John Johnson has influenced my family...beyond words. He is a generous, loving, caring friend...and we want you to know, Carol, that we are lifting you and the family up in prayer.

My Mom and Dad always spoke of how giving both of you were...how funny...how special...and how genuine. I know that you both were HEROES to us when they passed away. I thank God that He allowed us to have you both as part of our family. I am blessed for it. My parents told me that the measure of a person is the impact they have on others. John is a giant among men...and he has greatly affected my life through his acceptance and generosity. I appreciate him...and you, Carol.

(I apologize that I found out too late to attend his funeral.)
