“ To Judy

You had a relationship with God that rivals all other. Your Godly Spirit was True. Your crown of light shown every moment. Judy, your light continues to shine through Words of God you bestowed on your children and others. Talking with you would leave our spirit filled with the Word of God. No matter what the conversation was, God's Words resonated. You left feeling the Holy Spirit of peace and contentment. Judy, I never laid eyes on you until I saw your picture yesterday. Your Godly spirit was present in the picture. I smiled a while followed by laughter. I said, "look at my Friend. Just a Godly Angel through and through". My goal was to surprise you by coming to Midland this summer and meet the Angel and my friend I talk with for years. All is not lost, because I have you in spirit. When I start missing you and want to hear from you, I will say, "All is not lost, because I have you in spirit".

Judy's children, relatives and friends

God places us on assignment as we journey through this life. We do not know when our assignment will finish and God calls us to rest. Judy has completed her Godly assignment which she done to God's perfect plan. God is very well Pleased. Cherish All the Memories she left. When you feel sad and start missing her, call on God to restore peace in your spirit. Remember, she is at rest after a well done assignment. Seek God first in all that you do because He never Disappoints.

Yes, I love that Angel and My Friend.

“ Judy was a beautiful soul, she was always smiling. There was three of us that was best friends Judy, Kristi, and myself. We were born in June, July, and August of 1963 with me being the eldest and Judy the youngest. Our mother’s knew each other and they all to the clinic during their pregnancies togetherness. The three of us grew up as friends and then Judy moved to different part of town. We reconnected in the 9th grade at Edison Freshman in Homemaking and the three of us were in the same class and the fun began. We inseparable from then on until we reached about the age of 21 and real life started. We started going different ways, whenever we would meet in person it was like nothing had changed Judy always had that smile on her face. I will truly miss my her and she’s someone I can always call a Friend. ❤️😊
