“ Momma you will be dearly and sorely missed I wished I could express how much I already miss you. I am so sorry Nathaniel and I didn't get to be with you during your very last moments. We were just expecting you to be home soon. You just went so very quickly! I know you wanted to go in your sleep but I believe you didn't suffer going as quickly as you did. I pray you didn't suffer! I think if you had been at home I don't know how I would have handled it all mentally. Our Creator knows everything and does it in his own divine timing. It's all in his control nothing we can do to change anything in his plans. We will all be reunited sooner than we all think. Time is nothing in the spiritual realm. We will See you on the other side.
