Librado was a member of Our Lady of Guadalupe. He worked at Sloan Brothers Buick for many years. He loved his family gatherings and music. He also loved his friends and enjoyed talking to everyone he came across. Librado was a people person filled with enough love and kindness to share with cities of people. He was always happy and he had a contagious smile. Librado was a giving and caring person. One who would give you the shirt off his back and even his last few dollars. Always saying "God blessed it to me, now I'm blessing it to you in His name, and we not gonna talk about this no more of what you think you owe me." Music and family is one of the things he shared with his children, they always sang and danced together. Music is what he loved! He taught his children to not be shy and to sing out loud and that education was important. This is the kind of person Librado is and will always

be to his family, friends and those who knew him. Lord Jesus, Librado is
"Comin Home."

A funeral service will be held Saturday, April 18, 2015, 5:00 p.m. at American
Heritage Chapel.
