“ Norma and I had some great times! I will always remember all of the fun & happy times--especially how we met! I was at Happy Hour with friends & she walked by to go to the restroom. On her way back, she just pulled up a chair & introduced herself to us & joined our fun! It was an instant friendship! My love, hugs & prayers to Joe, Marci, & the entire family.

“ Aunt Norma caught me smoking when I was 15. When she came to my our house a day or two later, she could see my worry and shock she was there. She didn't wait very long when she pulled me to the side and said she was not going to tell. She said she did the same at my age. Legends Country station in Houston reminds me of Joe and Norma while driving in their car. It always makes me smile. Wish you didn't have to go. I love you tia. ❤️
