“ I umpired baseball with Turbo through MJBA and USSSA. We shared many fun times calling ball and sharing stories of what has happened on and off the fields. I'm going to miss my friend and think of him every time I step on a diamond. One day, we will call again Turbo. Until, then, keep an eye on us.

“ Oh man where do the memories begin!?!? I've know and been friends with Ryan for close to 10 years now. He was the first to drive out of us and gladly picked all of us up and drove us around. He would do his best to be a great friend to anyone he came across. The guy would talk to a brick wall. He was always full of life and always looked on the bright side of things. I know growing up we always talked about how we will always be boys. How our group had the strongest bond out of every other group. Ryan look out for all of us buddy. Love Chase & Chelsea!

“ My brother, Eldon, and I were in town for a yearly fundraiser in our mother's name. Ryan called Eldon several times while we were at the fundraiser. We finally decided to call it a night and head over to Uncle Mike's. Before we even got out of the car, we could clearly hear that there was a party going on. Ryan was happy to see us and invited us to join the crowd. Eldon didn't like that this was going on while Uncle Mike was out of town. He flipped into military mode and read all those kids the riot act. Ryan, being the funny guy, was laughing at what Eldon was saying. It took both Eldon and I some strength to keep from laughing too. The party disbanded quickly since there would be no more fun had there that night!

I always enjoyed spending time with him at family functions joking and laughing.

I already miss him.

Much love to the family
