“ Seems like just yesterday we were all playing jokes and making fun of one another and trying to decide where we were going to go next to keep hanging out but time has a way of catching up to us when we least expect and it catches us and in an blink of an eye we are gone even though you are no longer here in the flesh you will always be remember in our hearts I bid you farewell cuz may you rest in peace but most important I hope that you accepted the Lord in you're Heart

“ So sorry to hear my childhood friend has passed. We had so many good times growing up, playing football on the street, marbles and tops in the back yard. My prayers go out to his family. Merce Lara and family.
